

2010 Gunfighter - Cabernet Sauvignon

100% Pine Mountain – Cloverdale Peak, Mendocino

100% Cabernet Sauvignon

100% New French Oak

The Pine Mountain-Cloverdale Peak AVA rises 3,000 feet above the Alexander Valley floor. The ultra-premium grapes from this mountaintop are extremely difficult to grow and yield magnificent deep and rich wines. The growers from this slice of heaven use only sustainable and organic methods to produce some of the best Cabernet in the world.

This wine shines like a mink dipped in oil. On the nose it displays black cherry and wild berry compote. The palette shows off the hedonistic power of the dark fruit and unravels into a complex dance of mocha, fig and espresso crème brûlée. We are more excited than a camel on hump day with this wine. To be at the forefront of making wines from the next best high mountain AVA is an honor and we hope you will enjoy this wine. Drink deep, friends.
