Hello to all my Trust Carolyn Club members,

Hope you are all well and feeling thirsty for some new wines. Here in Geyserville things are off to a hot dry start and it's not even officially summer yet. Today the temperatures are nearing 90 degrees and what started as a record breaking dry winter is turning into a drought concern year. Everyone will be watching the weather very closely around here for the next several months as the grapes continue to ripen. Living here the state of our grapes is all you hear about in the coffee shops and other meeting spots around the county.

Those of you that follow Locals Tasting Room at [facebook.com/LocalsTastingRoom](https://www.facebook.com/LocalsTastingRoom) or my personal page on Facebook have probably seen my little videos about my walks in the vineyards with my dog Molly. I must be a true Californian now because I recently got a dog, a little red pickup truck and visited Orr Hot Springs, which if you ever get the chance is the quintessential throw back California experience. Locals just had its 12-year anniversary, and NYC feels like it's in my distant rearview mirror. Our life here among the grapes and vineyards continues to be pretty sweet.

There are as always lots of exciting happenings at Locals and we are in the process of adding Bodkin Wines and Munselle Vineyards to our lineup so expect more about that soon. Both wineries produce exceptional wines and Chris of Bodkin makes the only sparkling Sauvignon Blanc in California.

I'm excited to be able to send you some wonderful wines again this shipment. For example I was able to talk Fred and Jamie Peterson into an early release of their 2011 Vignobles. Always one of my favorites, and quick to sell out, this beauty should really be cellared for a few months more if you can stand the wait. I was also able to pry two library wines

from Ed and Ellen of Russian Hill Estate. The 2007 Russian Hill Estate Syrah is my absolute go to for ribs and all things BBQ and the 2007 Russian Hill Pinot Noir from the tiny Leras vineyard just reminds one again that many wines are consumed much too young!

I also love the new 2010 One Time Spaceman. Soft, luscious and a great stand alone wine. No food needed.

There is not enough room to write about all twelve selections here but just click the link tastelocalwines.com/tasting_notes for full tasting notes on each wine.
