Tasting Notes

This is our Estate Petite Sirah grown 2,000 feet above the Alexander Valley floor on a west facing slope with a 3 foot fruit zone. This is the fourth in a series of water colors my daughter did in 4th grade. The up front layers of dark fruit with a complex and balanced finish. Light layers of tannin make this a very lovely food wine, It's my go to wine with a rib-eye steak. Enjoy.
