

Tasting Notes

This smooth, approachable Rhone blend offers dark toasty aromas woven with black cherry, candied strawberry, herbs de Provence and a hint of violets. The qualities in the nose are repeated on the palate along with juicy plum and boysenberry. Threads of tannin and oak add to the weight and structure, and integrate seamlessly with the bright, harmonious flavors.

Looking for wine to reward yourself and your friends after a long day at work, or you want something nice and easy to sip on while watching the game? Think Zero. Try pairing it with bison burgers and sweet potato fries, or a mixed grill of sausages, chicken, steak and veggies served with a wilted kale salad. It can also pair nicely with grilled salmon or halibut with a garlic, honey and soy marinade.
