Tasting Notes

Full of dried cherries and red currants, this wine also has beautifully integrated, complex flavors of white pepper, warm baking spices and a touch of vanilla. This is a delicate cool climate Zinfandel that balances fruit and spice perfectly. It has a great structure and acidity for pairing with dishes such as a hearty steak with blue cheese sauce, barbecued chicken, or pasta with rich tomato sauce. Also, we find that it is also perfect to drink on it's own. Another dinner party favorite!
