Hello again to all my Trust Carolyn Club members,

I was looking back recently over the past seventeen years since Locals inception, and it is truly amazing how many of you have been members for over ten years, and quite few of you since the very early days. I want to thank you for your support and your loyalty. Please know this means the world to me!

Oh my goodness...there were so many great new wines and vintages to choose from for you this time around. This is going to be a very diverse case of wine! Each time I look around the tasting room I have to make some tough choices as to what I want to send you. Of course the decision also includes a fair amount of tasting of new releases and new favorites as well. Tough job, but someone has to do it, right?

This quarter rather than wax poetic about each wine in your case we have put all the tasting notes here [localstastingroom.com/tasting\\_notes/](http://localstastingroom.com/tasting_notes/) and you can read about all the technicalities and winemaker opinions. We also have live video tastings of several of these wines with our resident expert and wine educator Patrick on our YouTube here [www.youtube.com/user/tastelocalwines](http://www.youtube.com/user/tastelocalwines) featured so please subscribe to our channel and follow along as we move more and more of our content online.

In an effort to get your wines to you as early in the month as possible and try to avoid issues with shipping during the hot weather you will be receiving your case a bit earlier this month. Please note that if you feel the weather is already too warm for us to ship to you, there are options ranging from gratis temperature controlled storage at our offsite facility, to cold packs and the like. I am allowing a couple of days between the time you receive this email and the actual ship date so that if you have concerns you can reach out to us. Rest assured though that our shipping company is very much on top of weather patterns across the nation and will not ship if they deem it to be too warm to do so safely.

Please contact us at [localstastingroom@gmail.com](mailto:localstastingroom@gmail.com) rather than responding to this email directly if you need to reach us or call 707-857-4900.

As always, be sure to mark your calendar and use your one dollar shipping benefit on a minimum of one case and a maximum of 3 cases from June 3<sup>rd</sup> thru June 10<sup>th</sup>, 2019. Your 45 day discount runs through July 3<sup>rd</sup> 2019. The dollar shipping benefit is for new orders only and excludes Alaska, Canada and Hawaii. If you use these benefits and would like to store your wines for a later ship date we would be happy to do so.

Our surroundings here are looking greener and more beautiful every day. The activity in the vineyards is picking up, the weather is gorgeous, and Geyserville is bustling. I hope we see many of you here this season and if you are planning a visit, or need some suggestions, please take a look at my [localstraveltips.com](http://localstraveltips.com) site for ideas and inspiration. Most importantly be sure to come see us here at Locals and raise a glass to Summer.

Happy porch sipping and cheers to you all,

Carolyn
