

Presents:

TREASURE CELLARS
SPRING MOUNTAIN, NAPA VALLEY
CHARDONNAY

Aged for 12 months in 50% new Allier French Barrels, 50% Neutral Allier Barrels

If an Angel and Mother Nature high-fived, I am pretty sure the result would be this perfectly balanced nectar of The Gods.

Lush but bright the splendor of this wine leaps from the glass with aromas of pea, fig and white flowers. On the palate, one will discover a tropical paradise with plenty of acidity to balance the lush creaminess delivered by the new French Oak, this is perhaps the greatest Chardonnay we have ever been honored to pour.

If you like Chardonnay, you will adore this wine. If you don't like Chardonnay, you need to check yourself and revisit this varietal from one of the most wonderful vineyards in all the land and find lost love again.
