New Releases for Your Clubs

- **Denier-Handal 2024 Insieme:** sparkling petite sirah wine made in the style of Lambrusco. Vibrant, dry, and quenches your early spring thirst! A favorite go-to for your summer parties and a great, fun, different kind of sparkling. This latest project is a result of Dick's lifelong passion for Italy and the spirit of celebrating.
 - **Denier-Handal 2022 Zinfandel:** Continuing with our long-time relationship with this storied Dry Creek Valley Zinfandel Vineyard, this vintage does not disappoint. Classic Zinfandel aromas and flavor notes, including fresh cherry juice, light earth, and spice.
 - **Denier-Handal 2022 White Blend:** Dick Handal's latest blend is a combination of two favorite white wine varieties: Verdelho and Viognier. The combination creates a bright, high-acid white wine that pairs well with all your favorite summer foods, as well as being a stand-alone sipper. We like it paired with a soft, creamy Brie and crisp rice crackers.
 - **Eric Ross 2021 Struttin Red:** This vintage boasts a fantastic blend of Grenache and Tempranillo! Two of our favorite grape varieties that Eric Luce knows just how to make shine. This combination creates a rich, dark, aromatic, and full-flavored wine.
 - **KitFox 2023 Nonpareil Cabernet:** Delivering a lighter-bodied Cabernet Sauvignon with aromas of spice and lots of juicy cooked plum and red berry. A solid wine to pair with a grilled steak or a chunk of Gouda. The fruit for this wine comes from a selection of Napa Valley vineyards.

Wild Card Wines Available for a Limited Time

Currently at Locals, we focus on wines made with California fruit. But for those of you who remember a time when there were wines in the room made with fruit from other places, your memories have been vindicated!

For a limited time & in limited quantities, we have the following wines available, thanks to your friends at KitFox:

Wine	Quantity	3 Bottle	6 Bottle/Case	Region
2013 Priorat Red	16 Bottles	\$36.54	\$34.39	Spain
2020 Mutant Cab	24 Bottles	\$33.99	\$31.99	Washington

Why are we adding more wine to your decision-making? KitFox is sorting and organizing itself and removing its Direct to Consumer Arm from its workload, and these lovely bottles were left behind in their regional packing warehouse. Because they have been longtime residents of Locals, this is where the bottles ended up. IF you are at all interested in these, please reach out and let us help you get some to you. They are on a first come first serve and are currently in the tasting room, should you want to stop in and pick some up. They are not on the current tasting sheet, and because we have limited amounts, we are not opening them for sampling.

We are so grateful to you for trusting us with your love of our wine brands. We cannot do this without you. Each of your orders keeps us inspired to source more wine for you. All of our brands are here because you allow us to be here. Thank you!

We are constantly working on engaging with you at vendor fairs, adding new wines, and connecting with you.

We hope you have a wonderful spring and summer!

Dick & Doralice Handal
